Carin Chambers On Making Business Better

“I Can Now Access All My Critical Employee Information In Minutes, Instead Of Days.”

Carin Chambers

“Managing employee information can be overwhelming. With the POWER system’s Human Resource Management tool, we can easily and securely manage much more data than we could track before. We now have instant onscreen access to benefits records, vacation time, payroll, sick pay, company anniversary dates, and a lot more. I was able to pull a detailed report on employee pay for our twenty group in just 20 minutes – it would have taken days without our system. Because it’s so quick and simple, we’ve been able to reassign office staff to other areas of the dealership. It makes a difficult job easy and saves us money.”
