Reyna Financing Solutions

Buy the equipment you need for your dealership now with easy, competitive financing from Reyna Capital Corporation.

We Do More

We've been helping dealers like you finance Reynolds and Reynolds state-of-the-art automotive dealership management systems for over 25 years. Monitor Leasing, a major industry publication, ranks Reyna as one of the industry's top 100 leasing companies.

But we also do more. We finance a wide array of non-Reynolds equipment as well, including:

- Service instruments, including lifts, alignment systems, tire changers, etc.
- Parts storage and shelving systems.
- Office equipment.
- Signs.
- Security systems.

With Reyna Capital, you can get what you need for your dealership with easy financing and competitive rates.

Simplified Purchase Process

Because we work with hundreds of equipment suppliers, we have established relationships that can make your equipment acquisition and financing a quick, painless, and efficient process. Or take advantage of Reyna's competitive rates to fund expanding facilities. Our simple documentation helps make the purchase/finance process easier than ever.

Put Reyna Capital to work for you.

"From the convenience of your quoting process to low interest rates with a \$1 buy-out, Reyna gives us what we need to be successful and allows us to lease the equipment now and still maintain our flow of ready cash."
