

# Say Goodbye to Risky Business

Dealership-wide Solutions

U.S.

## Compliance Risk Solutions

Protect your business by reducing your risk of violating current regulations and standards with Reynolds' Compliance Solutions.

### Peace of Mind

Reynolds has the pulse on your business, and the laws that affect you. We maintain close partnerships with Hudson Cook, LLP, Bank Lease Consultants, and Auto Advisory Services, leaders in automotive finance law, so you can be assured that your standard documents and compliance tools from Reynolds are helping you keep compliant with current legislation and manufacturer guidelines.

### On the Right Side of the LAW

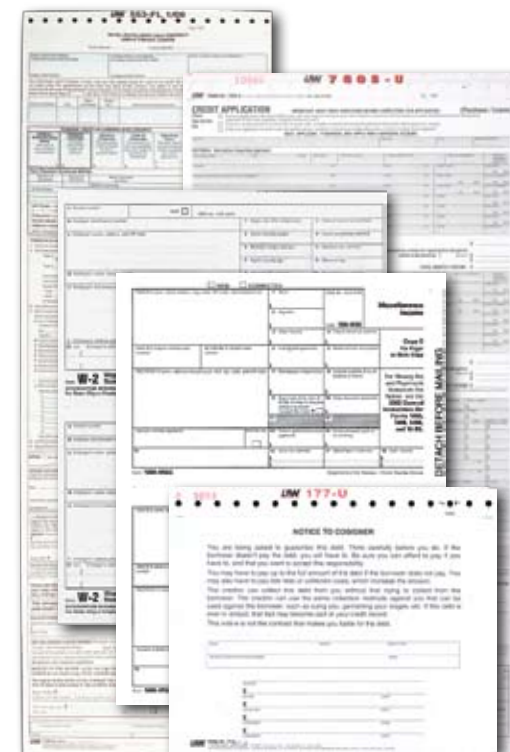

Developed and updated to meet rigorous standards in all 50 states, the LAW<sup>®</sup> Universal Retail Installment Contracts help protect and simplify your business:

- Rest assured your contracts will comply with current regulations.
- Reduce recontracting and protect your financial reserve by shopping deals.
- Decrease reprogramming fees and errors with a single contract.

- Increase sales and spot-delivery by sending the LAW contract to several sources simultaneously.
- Streamline the vehicle-buying process, improving efficiency and customer satisfaction with every transaction.
- Reduce the cost of regulatory review, designing, printing, updating, warehousing, and distributing contracts.

### LAW Umbrella

Make your automotive funding process seamless and cost-effective by utilizing the many supporting products within the LAW family. These solutions, such as Credit Application and Notice to Cosigner, provide an umbrella of compliance coverage for your dealership.

Utilize a wide range of documents to stay compliant.

# Compliance Risk Solutions

## Forms You Can Rely On

It's easy to meet industry regulations and standards when you use Reynolds' forms and solutions. We offer various products to meet your dealership's specific compliance needs.

- Adhere to FTC guidelines by posting Reynolds Buyers Guides on used vehicles, available in multiple formats and languages.
- Get manufacturer-specific Vehicle Rental Agreements with up-to-date terms, conditions, and additional fields for data and options, including charges, personal information, coverage, and more.
- Utilize Tax Forms that are meticulously reviewed to comply with all government regulations.
- Take advantage of the partnership between Reynolds and vehicle manufacturers to access Financial Statements that are updated each year with new, revised, and deleted account numbers and calculations.

## Security? Check.

We recognize that protecting your business against check fraud is important. That's why we offer both proactive and reactive safeguards on all our checks. These safeguards include toner-safe coating, microprint signature lines, thermochromic (heat reactive) ink, and more.

## Simple Solutions

Get all the forms and solutions you need to protect your dealership from one source. Reynolds has the Compliance Solutions to help your dealership meet regulations and stay violation free.
