

State of the Art Mobile Filing

Dealership-wide Solutions

U.S. and Canada

Deluxe Mobile System
for the ColorFile® Filing System

Condense rows, eliminate wasteful aisle space, and double the capacity of your present filing area with Reynolds' ColorFile Deluxe Mobile System.

Custom Construction

When storage problems become too big for individual filing cabinets to handle, mobility is the answer. The Deluxe Mobile System, which works in conjunction with both our Four-Post and Stackable Shelving solutions, can store almost twice as many files in the same amount of space as traditional four-drawer filing cabinets. Plus, you can fit more cabinets into your space because the system condenses aisles when not in use. Each Deluxe Mobile System is custom-designed for your specific room or storage configuration. You can choose end panel and carpet colors to complement your dealership environment. Everything is provided – including all hardware for assembly, carpet trim, etc. Quality installation is completed by experienced, factory-trained service technicians, so it's hassle-free.

Deluxe Mobile System for the ColorFile® Filing System

Smooth Mobility

Move 6,000 pounds with one pound of effort with the mechanically-aided Deluxe Mobile System. Operation is always smooth and consistent due to the strong design:

- Retractable handle moves rows effortlessly and creates an aisle where you need it.
- Direct drive system and precise alignment of the carriages, wheels, and rails allow smooth movement.
- Crossover chain connects two drive shafts.
- Heavy-duty chain transfers power to the drive line, moving all the wheels on one side of the carriage.
- Back-and-forth motion is perfectly uniform.
- Five inch drive wheels, flanged guidance wheels, and flat center wheels keep the system rolling.

Superior Safety

Reynolds' Deluxe Mobile System is safe and secure for all users:

- No gaps between the track and deck surface.
- Low-profile ramp for easy access.
- Dependable parking brake on carriages 12 feet or longer.
- Gaps between end panels help ensure user safety.
- Designed to completely close and lock if desired.

With custom-built ColorFile Deluxe Mobile Systems, you will double your filing capacity by creating aisles where you need them, when you need them. It's safe, reliable, and easy!
