

Slip-N-Grip®

Interior Protection Solutions Start-Up Kit

Build Goodwill

Parts and Service Solutions

U.S. and Canada

Customer goodwill and satisfaction are vital ingredients in creating lifelong customers – show your service customers how much you appreciate them by protecting their investment.

Get Started

The Slip-N-Grip Start-Up Kit includes everything you need to protect the interior of your customer's vehicle during service and repair visits. All of these high-quality products are conveniently organized on a sturdy, customized steel rack, keeping everything at your fingertips for easy access. The kit includes:

- 250 seat covers.
- 500 floor mats.
- 250 steering wheel covers.
- 500 parts bags.
- 100 tire/trash bags.
- Dispenser rack, customized with your dealership's name.

Slip-N-Grip® Interior Protection Solutions Start-Up Kit

The Difference Is Clear

Slip-N-Grip products add a touch of quality that places you above your competition. Customers equate smooth, transparent plastic with fresh, clean protection. Slip-N-Grip coverage products immediately demonstrate your commitment to customer service.

Ordinary plastic sheeting is vulnerable to tearing or perforation along its “grain,” leaving

upholstery or carpet exposed. But Slip-N-Grip plastic products overcome this inherent weakness because they are two-ply, with the grain laid in opposite directions. This patented design results in extra elasticity and strength, outperforming even thicker single-ply plastics.

- “Slip” layer is smooth, so porters and service technicians can slip in and out of vehicles easily, allowing them to work faster.

- “Grip” layer is formulated of high friction plastic, so it grips in place on any surface – cloth, carpet, or leather – and stops Slip-N-Grip coverage from shifting.

Protect your customers’ vehicles to protect your bottom line. Slip-N-Grip products help build customer trust and keep them coming back for more.
