

Comprehensive Parts Catalogs at Your Fingertips

Parts and Service Solutions for POWER

U.S.

Electronic Catalog Interface
for POWER

Easily transfer parts from your catalog system into your POWER system to streamline parts inquiries and help reduce input errors.

A Perfect Match

Employ Electronic Catalog Interface to gain powerful and convenient access to electronic parts catalog systems with the STAR EPC interface standard. Easily review Snap-on, Microcat*, EDS Parts Imager II, Honda iN 2.0, DaimlerChrysler DCX Star Parts, BMW, Jaguar, and Suzuki.

Move parts to the Short Inquiry list for a quick review.

Electronic Catalog Interface for POWER

Model of Efficiency

Streamline processes in your parts department.

Give your parts personnel the ability to:

- Move a parts list quickly and effortlessly from an electronic catalog into the POWER system to generate invoices.
- Reduce the time necessary to input vital data with parts lists that can be automatically transferred into Short Inquiry for review of important part pricing, cost, and other data.
- Decrease the occurrence of data entry errors by selecting parts, performing inquiries, and invoicing parts without having to key in a part number.

Better Business

Improve efficiency, increase productivity, and cut down on errors by using an application that interfaces with the most popular electronic catalog systems. Streamline your parts invoice and inquiry process to enhance your Parts Department. Electronic Catalog Interface for POWER helps you make your business better.

For more information on Electronic Catalog Interface, please contact your Reynolds Account Manager, call 800.767.7879, or e-mail marketing@reyrey.com.

MAKING **BUSINESS** BETTER.
