## General Manager Dashboard for General Manager

### Ask Yourself...

- ? How much time do I waste hunting down the information I need to make informed business decisions?  
.....
- ? Do I have to weed through masses of information just to find actionable data?  
.....
- ? How often am I frustrated when I can't easily view sources behind the numbers in a report?  
.....
- ? Could I allocate more time to focusing on improving my business if I had easier access to key business metrics?

**Research shows business managers spend up to two hours a day searching for information, and more than 50% of the information they obtain has no value to them.<sup>1</sup>**

### Expect Results

- Stay up to speed on dealership operations by viewing consolidated key business data on one screen.
- Make informed decisions faster with greater control over what information you track and the format in which you view it.
- Increase profitability by quickly identifying profit leaks before they get out of hand.
- Reduce time spent gathering data and spend more time focusing on revenue-generating activities.

<sup>1</sup> Accenture

<sup>2</sup> Coopers & Lybrand

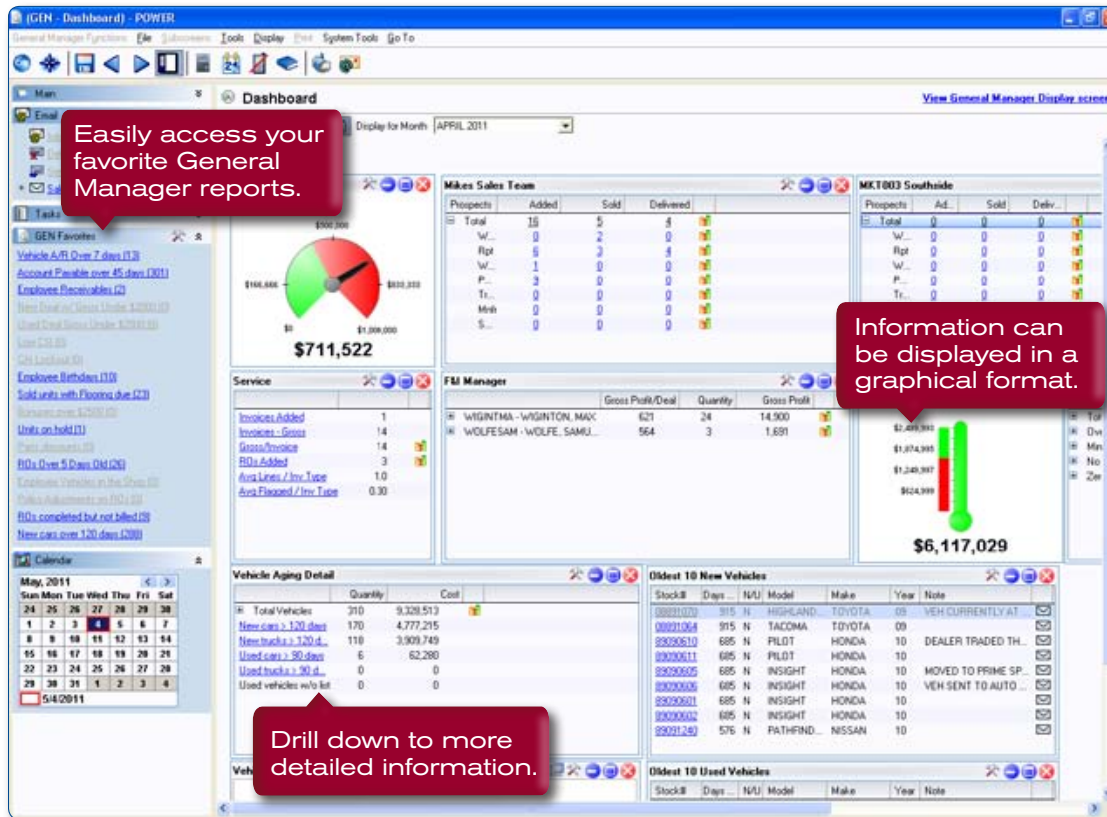

### How Quickly Can You Find the Information You Need?

On average, professionals spend 5-15% of their time reading information, but up to 50% looking for it.<sup>2</sup>

## About General Manager Dashboard

Make informed decisions in less time with a reporting tool that combines statistics from General Manager exception reports and other important business areas on one screen, so you have a consolidated view of the key metrics you want to track.

Customizable graphical displays of key business metrics make it easier to manage your business.

## Highlights

- Personalize thresholds and displays so you control what information you view and how you view it.
- See data from multiple stores or branches on one consolidated screen.
- View information from POWER's General Manager exception reports as well as other real-time elements.
- Quickly identify problem areas with red, yellow, and green status signals set to your individual performance parameters.
- Drill down to details that support the information shown on the Dashboard screen.

Stay on top of what is happening at your dealership. The General Manager Dashboard provides actionable data on a single, consolidated screen helping you make informed decisions faster.
