Direct Mail

With Reynolds, your next direct mail campaign will be an engaging and personal communication, promoting your dealership’s unique brand and benefits. Personalization, scratch-offs, and mobile barcodes can make direct mail campaigns more effective, and your Reynolds Document Services Consultant will help you leverage each of these options to deliver mailers with strong results.

Personalization
Make your mailers more relevant and more likely to be read and retained with eye-catching personalization. Reynolds can print your customer’s name and vehicle information on your direct mail piece.

Mobile Barcodes
Provide an easy way for customers to schedule service with mobile barcodes. A quick scan with a smart phone takes the customer directly to your scheduling site. Reynolds can create the mobile barcode for you—ask your Reynolds Document Services Consultant for more details.

Scratch-Offs
Grab your customer’s attention with an irresistible and interactive direct mail scratch-off. With Reynolds, you can change the offer under the scratch-off to give different incentives to different customer segments.

Customers inactive for less than 12 months received $5.00 off. Customers inactive for 12 months received $10.00 off.

Contact your Reynolds Document Services Consultant to learn more about our direct mail options.
Reynolds provides a wide range of direct mail formats, from postcards to letters with wallet cards.

**Letters with Wallet Cards**

Letter arrives with laminated wallet card attached.

**LETTER SIZE: 8 ½" × 11" or 8 ½" × 14"**

- Convenient wallet card is easy for customers to keep and redeem.
- Full window envelope provides customers with a preview of the wallet card inside.
- Wallet cards with attached key fobs are also available.

**Recall Notices**

Customers appreciate receiving reminders for outstanding recalls. Recall notices are a great way to connect with customers who have become inactive or who may be assigned to your dealership by the OEM, even if they did not purchase their vehicle from you. Brightly colored recall postcards can include the name and number of the recall campaign and partial VIN.

*Front*

Dealership phone number is included four times to make it easy for customers to follow up.

*Back*

Call your Peeta Chevrolet Team at 650-886-2020 to check your current recall and make your appointment.

To order, call 800.344.0996 or contact your Reynolds Document Services Consultant.
Marketing & Branding

Direct Mail

Our direct mail templates make it easy to get your campaign in the mail quickly. Select a design and we will customize it with your offers, logo, map, and more. Seasonal and sports-themed templates are available in postcards and tri-folds in a variety of sizes.

Before customization

Placeholders show where your logo, amenities, and coupons will be printed.

After customization

Quickly and easily create campaigns that let your brand stand out.

Holiday Templates

Holidays are the perfect time to let customers know how much you appreciate their business. Reynolds makes sending personalized holiday greetings simple. Choose from over 30 designs for Halloween, Thanksgiving, Black Friday, Christmas, and New Years.

Each mailer includes the customer name for an added touch of personalization.

Perforated coupon easily detaches and fits perfectly in a wallet.

Templates can include variable coupons to target different customer segments with different offers.
Target multiple customer segments in one direct mail campaign with Reynolds’ variable print capabilities.

The example below illustrates how Reynolds can create one campaign that delivers different messages to different audiences. Each postcard includes the customer’s name, a greeting that varies depending on their service history, and coupons to match.

**1 Campaign | 3 Different Targets | 3 Different Messages**

**Target 1:** Current customers received VIP messaging and offers.

**Target 2:** Inactive customers received welcome back offers with more aggressive prices.

**Target 3:** Prospective customers with no service history received the most aggressive offers.

To order, call 800.344.0996 or contact your Reynolds Document Services Consultant.
ReminderTRAX® Service Reminder Program

Increase return service business, generate greater profits, and measure return on investment with a comprehensive service reminder program that includes letter, postcard, and email communications.

The Service Reminder Program That:

- Brings customers back for recommended maintenance.
- Captures more service business with personalized communications.
- Fills gaps within your OEM program.
- Markets differently to pre-owned makes with a separate pre-owned focus.

Advantage of the Two Touch Print+Email Approach

Increase the likelihood that consumers will see your message and respond with an inexpensive, two touch marketing approach that includes both print and email communications. Don't settle for email-only communications — reach more customers with ReminderTRAX.

More Effective Email Reminders

- Our emails are short. With little to no scrolling required, we get your message across quickly to hold your customers’ interest.
- Each email is tested for deliverability across multiple hosts and devices, reducing wasted communications.
- Email subject lines are personalized to include the recipient's name and vehicle, increasing response rates.
- ReminderTRAX emails are CANSPAM compliant.

Contact your Reynolds Document Services Consultant to start designing your ReminderTRAX program.

To order, call 800.344.0996 or contact your Reynolds Document Services Consultant.
Marketing & Branding

ReminderTRAX® Service Reminder Program

Designed to Promote Your Brand

- Feature your logo, dealership personnel photos, images of your dealership, and local landmarks.

- Choose from a variety of communication formats—single or double-sided letters, small or large postcards, and the option to pair print communications with email.

- Include a service maintenance menu, provide maintenance history, or outline the benefits of having service needs met at your dealership with double-sided letters.

Fills Gaps in Your Factory Program

- Remind all customers—not just factory make owners—to return to your dealership.

- Identify and contact sold but not serviced customers.

- Retain customers with expiring complimentary maintenance plans/warranties.

- Contact customers that reside outside your factory designated PMA.

- Communications are sent daily based on your customer’s driving habits, providing a steady flow of business instead of peaks and valleys that occur with infrequent communications.
ReminderTRAX® Service Reminder Program

Recapture Declined Service Business

- Declined Services communications make it easy to follow up with customers who decline the work your advisors have recommended.
- Identify which service advisors are noting declined services with easy-to-use online reports.
- Include all makes and models, not just factory makes.
- Use advisor comments that are personal, relevant, and easy for customers to understand, unlike vague op-code recommendations.

Declined Service Process

1. Service advisors enter declined services on repair orders into your DMS.
2. ReminderTRAX receives a daily feed of repair orders with recommendations from your DMS.
3. The ReminderTRAX team checks each recommendation for correct grammar and spelling, spells out abbreviations, and removes pricing.
4. Within two weeks of your customers’ last service visit, they receive a personalized communication with your recommendations and coupon offers.
5. Receive Contact Detail reports, which are sorted by advisor, for easy internal follow-up.
ReminderTRAX® Service Reminder Program

A variety of ReminderTRAX reports are available online. Your Reynolds Document Services Consultant will review reports with you on a regular basis to help you track the success of your program and find new opportunities.

See the Value of Your Program

- Get an accurate picture of your customer retention statistics and return on investment each month.
- Understand how many reminders were sent and the customer pay/warranty dollars associated with each response.
- Keep your name files clean with monthly NCOA reports.

Reporting Your BDC Can Easily Leverage

Identify sold but not serviced and lost customers.

- Schedule service for customers due for major maintenance and declined services.
- Promote sales specials to high mileage customers.

Contact your Reynolds Document Services Consultant to start designing your ReminderTRAX program.

To order, call 800.344.0996 or contact your Reynolds Document Services Consultant.
PromoTAG® In-Vehicle Advertising

Maximize your marketing dollars and generate sales leads with PromoTAG in-vehicle advertising. Customizable tags provide the perfect opportunity to advertise special promotions, from tire sales to discount tune-ups.

**More Than a Numbered Hang Tag**

- Put your marketing message in front of every service customer.
- Utilize matching key tags, conveniently located at the bottom of the hang tag.
- Choose from a variety of templates or customize PromoTAG to fit your needs.

**Turn Trash Into Cash**

- Retain loyal service customers by offering special promotions.
- Team up with other departments to increase your dealership’s overall success.
- Increase showroom sales and bring in high demand trades with “let’s trade keys” advertising.
- Boost customer loyalty and new business with referral programs.

Contact your Reynolds Document Services Consultant to learn how PromoTAG and ScanTRAX can enhance your branding.
Add even more power to your in-vehicle advertising and dispatch system with ScanTRAX. ScanTRAX incorporates a process to easily understand customer experience and increase CSI and retention while improving your bottom line.

**Increase CSI and Retention**

- Track and improve your CSI through a customizable, pre-paid postage customer feedback card used to compile online reporting.
- Receive ‘Hot Alerts’ via email to quickly respond to poor customer feedback.
- Review data by service advisor to evaluate performance.

**Increase Sales Opportunities**

- ScanTRAX tent cards can be placed on the dash of the vehicle or handed out by the cashier for a personal touch.
- Capture customer email addresses to improve manufacturer survey response rates.
- Offer refer a friend incentives for warm sales leads.
- Email collection reports for customers who complete the survey online.
- Customers indicated as in-market for a new vehicle are immediately forwarded to sales.

Dealership Advertising

Reynolds Document Services offers a wide variety of professional, full-color marketing products that will help promote your brand to customers. Our dedicated design team will help ensure that your dealership advertising stands out. Contact your Reynolds Document Services Consultant to learn how a complete branding program can benefit your business.

Brochures

Attract and retain business with full-color custom brochures that can be used to communicate your important dealership information including: amenities, service offerings, warranty information, accessory advertisements, and much more.

Ask your Reynolds Document Services Consultant about our Dealer Image program.

A professional artist will create a rendering of your dealership for any marketing piece—at no additional charge.
Postcards
Postcards are an ideal way to communicate with customers following a service visit or to bring them back after they purchase a vehicle. Include special promotions or coupons to encourage a return visit to your dealership. Whatever promotions you choose, you will remind customers of your value.

Presentation Folders
Provide customers with a professional-looking and convenient way to organize business cards, vehicle brochures, and information about your dealership in a custom presentation folder or customer care package.
Dealership Advertising

**Posters**
Brighten your showroom, advertise special sales events, highlight a specific vehicle model, or promote your dealership's brand with full-color posters.

**AdStands**
Boost your profitability in all departments with high-end graphics on portable signage that will consistently display your brand throughout your business. With maximum eye-level exposure and easily interchangeable graphics panels, AdStands are cost effective and versatile advertising.

Reynolds Document Services is the leading, nationwide provider of a comprehensive F&I forms suite; the LAW® family of documents.

Since the 1920s, LAW has been a trusted brand for dealerships.

The LAW F&I Libraries, available by state, help:

Minimize compliance risk
LAW documents are regularly reviewed for compliance with the latest state and federal laws by Reynolds’ industry-leading forms specialists, the top consumer finance law firm in the nation, industry consultants, state dealer associations, and leading financial institutions.

Streamline F&I processes
By using standardized vehicle deal documents, you can achieve a more consistent and effective F&I process in every transaction.

Increase customer satisfaction
LAW documents are written in consumer-friendly language to help create a more transparent and understandable F&I process and to improve the customer experience.

...and are available in printed and electronic formats.
We provide printed versions for traditional F&I systems and license these in an electronic version to all of the major eF&I solution providers.

Contact your Reynolds Document Services Consultant to learn how LAW F&I documents can benefit your dealership.

Many forms and other documents are protected by copyright. Copyright law provides exclusive rights to the owner to reproduce, distribute, display, and prepare derivative works. Any reproduction, distribution, display, or modification of any Reynolds form without express permission from The Reynolds and Reynolds Company is forbidden by law. Reynolds takes seriously our investment to create original works and pursues infringements to protect its rights.

Some forms are state-specific and not all states use the same forms. Contact your Reynolds Document Services Consultant to request an analysis of the F&I documents used in your dealership.

The Reynolds and Reynolds Company does not provide legal advice regarding usage, completion, suitability, content, or sufficiency of any form, or regarding business practices reflected by any form. Universal Retail Installment Sale Contracts

The LAW 553 Retail Installment Sale Contract is widely accepted by virtually every captive, leading financial institutions, regional finance companies, local banks, and credit unions. Developed and maintained by rigorous standards, the Reynolds LAW 553 contract will simplify your business:

- Reduce recontracting and protect your finance reserve by shopping deals.
- Reduce reprogramming fees and errors with a single contract.
- Improve efficiency by sending one contract to several sources.

All of this equates to greater profits for your dealership. Our documents help streamline the vehicle buying process, improving efficiency and customer satisfaction with every transaction. All Reynolds LAW Retail Installment Sale Contracts are reviewed by leaders in the consumer finance industry on a monthly basis to keep pace with new legislative and regulatory developments.

Contact your Reynolds Document Services Consultant for state-specific options.

LAW® State F&I Libraries

The penalties for violating current compliance guidelines can impact your business. Through partnerships with the leading automotive finance law firm, state automobile dealer associations, and internal compliance experts, Reynolds Document Services has developed state-specific LAW F&I Libraries that help you manage your compliance risk.

**LAW State F&I Libraries help your dealership:**

- **Minimize compliance risk.**
  LAW documents are regularly reviewed for compliance with the latest state and federal laws by Reynolds’ industry-leading forms specialists, the top consumer finance law firm in the nation, industry consultants, state dealer associations, and leading financial institutions.

- **Streamline F&I processes.**
  By using standardized vehicle deal documents, you can achieve a more consistent and effective F&I process in every transaction.

- **Increase customer satisfaction.**
  LAW State F&I Libraries are written in consumer-friendly language to help create a more transparent and understandable F&I process and to improve the customer experience.

- **Utilize printed or electronic formats.**
  LAW documents are available in any format you require. We provide printed versions for traditional F&I systems and license these in an electronic version to all of the major eF&I solution providers.

Contact your Reynolds Document Services Consultant to learn how LAW F&I documents can benefit your dealership.

Many forms and other documents are protected by copyright. Copyright law provides exclusive rights to the owner to reproduce, distribute, display, and prepare derivative works. Any reproduction, distribution, display, or modification of any Reynolds form without express permission from The Reynolds and Reynolds Company is forbidden by law. Reynolds takes seriously our investment to create original works and pursues infringements to protect its rights.

Some forms are state-specific and not all states use the same forms. Contact your Reynolds Document Services Consultant to request an analysis of the F&I documents used in your dealership.

Check Security Features

Reynolds Document Services offers a wide variety of customizable checks. Each check possesses a combination of multiple security features designed to protect you and your dealership against fraud. Have confidence that your transactions are secure when using a Reynolds check.

1. **Visible Fiber** – Fibers are added to the paper (25# only), making replication of the document more difficult. These fibers are visible on both sides of the sheet in ordinary light and can be various lengths, colors, and densities.

2. **Fluorescent Fibers** – Invisible in ordinary light, this covert feature can be seen under ultraviolet (black) light. The invisible fibers resist photocopy replication.

3. **Chemical Stain** – This measure protects against alteration by changing color when exposed to agents, such as bleaches, solvents, acids, or bases. Reactants provide easily recognizable signs of attempted forgery.

4. **Tonerfuse** – Available in 25# stock only, this paper coating bonds the toner to the paper, making removal of the toner difficult without damage to the paper.

5. **Micro Printing** – Very small text is legible under magnification in the signature line and check border. When photocopied, the words fill in and appear as a solid or broken line.

6. **Thermochromic Ink** – Special ink disappears when heated or warmed by your hand or fingers and reappears when temperature returns to normal ambient temperature. This validates the check’s authenticity.

7. **VOID Pantograph** – Designed to expose hidden words, such as VOID or NULO, when photocopied on a color copier.

8. **Original Document Screened Backer** – Printing on the back of the document is a deterrent to counterfeiters.

*Items with an asterisk are non-standard security features and may include an upcharge.*

Recall Notices

Build goodwill and improve your database

Why have dealers across the nation selected Reynolds to deliver their recall notifications?

1. **Personal**—Our recall notice includes a partial VIN and a recall number to make the notification relevant and credible.

2. **Cost-effective**—For vehicles with more than one open recall, we print multiple recall numbers on one postcard instead of sending multiple mailings for each vehicle.

3. **Powerful**—We provide address corrections identified by the National Change of Address registry, which you can use to update your DMS. Additionally, you can provide these corrections to the manufacturer to identify customers who should no longer be assigned to your dealership. Reynolds can also provide you with the mailing list of customers, so that your service team or BDC can follow up.

Turn to pages 2–5 for more details about direct mail or contact your Reynolds Document Services Consultant to start planning your next mailing.

ColorFile® Filing System

ColorFile is a comprehensive filing system designed specifically for automotive retailers. Open shelving units offer increased efficiency in a space-saving design.

The ColorFile System can be used to file service folders, deal jackets, accounts payable files, and more. If you have hundreds of files, ColorFile’s effective coding method will promote fast and accurate filing and retrieval each time. With bright, color-coded end-tab labeling and open-shelf filing, misfiles are obvious and virtually impossible to overlook. No more lost and misplaced file folders or unsightly, overcrowded cabinets.

Reynolds offers plain, pre-printed, or customized folders designed to highlight the series of numbers and letters that work best for your dealership. With alphabetic, numeric, make, year, and month labels, in addition to high-quality shelving and security options, Reynolds has it all to make your ColorFile system complete.

Maximize productivity and increase customer satisfaction while solving filing problems with the ColorFile Filing System from Reynolds Document Services.

ColorFile® Folders

ColorFile folders are designed to highlight the series of letters and numbers that work best for the different departments of your dealership. Precise placement of labels on folders not only reduces the risk of misfiling, it also improves retrieval time and controls the aesthetics of the filing system. For this reason, all Reynolds ColorFile folders and jackets have pre-printed alignment marks.

ColorFile® Labels On Demand

ColorFile Labels On Demand Software

The ColorFile Labels On Demand application can save you up to 60% of the time it takes to create a new folder! In addition to saving you time and money, everyone in your dealership will benefit by having easy-to-read, easy-to-sort, and easy-to-retrieve files.

ColorFileLabels.com is an internet-based software program that creates a single strip label.

Sign in to ColorFileLabels.com and print labels in three easy steps:

1) Select a Label Design
   Choose from five standard label designs or have your own custom label created.

2) Import or Enter Your Data
   Import your data from a delimited text file or enter data manually.

3) Print Your Labels
   Print labels on virtually any color printer in minutes. No special training is required.

ColorFileLabels.com benefits:

- **Easy**: Labels are printed in three easy steps.
- **Affordable**: Software fees are nonexistent.
- **Flexible**: Application runs on any computer with an internet connection using Internet Explorer.
- **Secure**: Sensitive data never leaves your computer.

ColorFile® Shelving

Stackable Square or Slanted Shelving Units
- Open-shelf filing allows folders to be clearly visible and provides easy retrieval.
- Units utilize vertical space to maximize file storage per square foot while keeping files within easy reach.
- Stackable shelving cabinets are modular in design, allowing for a variety of custom filing solutions.
- Slanted shelving units position files at a 55-degree angle, offering greater visibility of the file folders.
- The straight or square tiers are designed for maximum storage capacity with minimal floor space intrusion.
- Available in 24", 36", and 48" widths.

Slanted shelving provides better visibility of folder labels.

Four-Post Shelving
- Four-post shelving is an economical alternative to the stackable units.
- Four-post shelving can be adjusted to fit file folders, boxes, office supplies, or vehicle parts.
- Starter units and additional units are available in single and double depths and in 30", 36", 42", and 48" widths.
ColorFile® Shelving

Track and Carriage System
- Go mobile to transform your file room into a productive work center with the Reynolds track and carriage system.
- Works in conjunction with the four-post and stackable shelving units.
- Double depth shelving solution.
- Front row of shelves rolls from side to side, allowing access to the back row of cabinets.

Deluxe Mobile System
- Deluxe mobile systems are custom designed for your specific room and storage needs.
- Works in conjunction with the four-post and stackable shelving.
- Rows of cabinets become movable and create aisles where you need them, when you need them.
- By condensing and eliminating wasteful aisle space, you may be able to double the capacity of your present filing area.
- System can be designed to completely close and lock.

Standard Roll-Top Security Doors
- Attach a roll-top door onto each individual filing cabinet for a simple way to lock open-faced filing cabinetry when not in use.
- Easily added to existing four-post and slant or square stackable shelving.
- Individual security doors can be secured with a single lock and key so that one key fits multiple cabinets.
- Available in charcoal gray and putty.

Custom Roll-Top Security Doors
- Custom-fit roll-top doors can be used to cover multiple cabinets up to 11’ wide in a single span or attached side-by-side to cover your entire system.
- Easily added to existing four-post, slant, or square stackable, track and carriage, or mobile shelving.
- Available in charcoal gray and putty.

ScanTRAX®
Improve your CSI

A complete service evaluation tracking system, ScanTRAX allows you to quickly review customer feedback and employee performance, track vehicles in your service drive, and serves as a silent salesman inside your customers' vehicles.

Turn to page 11 for additional information about ScanTRAX or contact your Reynolds Document Services Consultant for details on how ScanTRAX can help you increase customer retention and revenue.
CSI Service Labels

Custom CSI labels are a great way to call attention to important information. They can serve as a reminder for manufacturer surveys, promote marketing campaigns, and provide additional branding space. These eye-catching, permanent labels come in a variety of sizes and colors to add a finishing touch to any customer-facing document.

Static Cling Plus

Our easy-to-use Static Cling Plus system lets you create more than next service due reminders. Offer customers a complimentary first service, remind customers to return for a part on order, or type in your own custom message.

- Each system is programmed with your dealership name and contact information.
- Spanish template included.
- Special programming is available to automatically calculate the return date and mileage of the next service. Ask your Reynolds Document Services Consultant for details.

Convert sales customers to service customers. Reduce obsolete parts inventory. Customize a message for each customer.

Service Reminders with Tire, Brake, and Battery Status

Double the impact of your service reminder labels. The Tire, Brake, and Battery status acts as a constant reminder that additional service may be needed. Contact your Reynolds Document Services Consultant to learn more about this feature.
